

ROCLAND

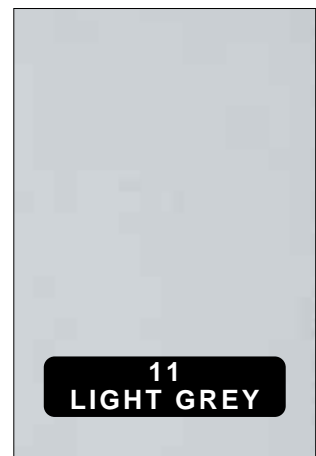

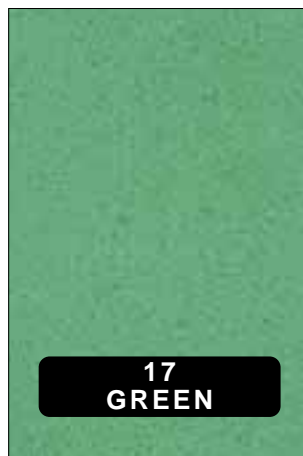

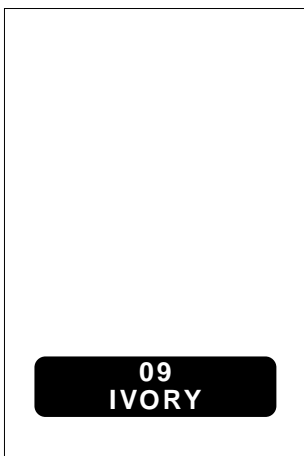

**GREY
CEMENT**

COLOR CHART

**WHITE
CEMENT**

Samples are available on request.

We cannot guarantee the exact match of the colours shown since they depend:

- on the raw materials used in the composition of our range of products

- on the ratios used

Printing on paper cannot be compared with pigmentation on cement

Despite all the care which has gone into the production of this colour chart, we cannot guarantee strict resemblance with the colours of what we supply
